

# KLUTZ TRAINER OF CLASS TEAMS

Former Coach at Woodberry  
Forest Secured by University  
of North Carolina.

(Special to The Times-Dispatch.)  
Chapel Hill, N. C., September 7.—  
David Klutz, former coach and baseball  
coach of the 1912 Woodberry Forest  
School team, and for four years prior  
thereto a mainstay on the athletic  
teams of Davidson College, has been  
chosen coach of class teams at the  
University of North Carolina. He will  
have supervision both of football and  
baseball class teams, arriving in the  
morning to assume duties as football  
coach of the class team.  
The Princeton system of athletics  
as adopted by Carolina makes pro-  
vision for the development of class  
teams as well as continuity of the  
coaching system. Klutz's experience  
as coach of the leading Virginia prep  
school last year makes him peculiarly  
fitted to be a class team coach.

# PRACTICE BEGINS AT WAKE FOREST

Squad of Forty-Two Men in  
Football Training Under  
Coach Thompson.

(Special to The Times-Dispatch.)  
Wake Forest, N. C., September 7.—  
Football practice, under the direction  
of Coach Frank Thompson, began on  
the hill last Thursday. The squad at  
present numbers forty-two, while there  
is every indication that it will be  
increased to fifty or more during the  
coming week. P. I. Carter, of Holly  
Springs, who has played center for  
the last three seasons, and who is cap-  
tain of this year's eleven, announces  
that he is in better physical condition  
than ever before in his football career.  
The other members of last year's  
squad who are back on the field are  
Powell and Britton, tackles; Moore  
and Camp, guards, and Davill, end.  
Horne, Hunkin, Shepherd, J. E. White,  
S. W. White and Oliver are all men  
who showed up well last year, and  
should make valuable players during  
the present season.

G. M. Billings, of Raleigh, N. C.,  
who was quarterback on the 1912 foot-  
ball team and captain of the 1913  
baseball team, was on the hill last  
night. Billings has not registered yet,  
but it is expected that he will be in  
harness again before the close of the  
coming week.  
Cultural, who played a splendid game  
at left end last year, although back in  
college, has not yet donned a uniform.  
Cultural has very heavy work this fall,  
but it is believed here that he will find  
time to devote to the game. The ab-  
sence of the two holding brothers will  
be keenly felt.  
On the whole the prospects for a  
successful team are bright, and the  
squad is sufficiently bright to give pleasure  
to every man on the campus.

# DEATH OF GEORGE E. BAKER.

Acted as Telegraph Operator for Grant  
During Civil War.  
(Special to The Times-Dispatch.)  
Jersey City, N. J., September 7.—  
George E. Baker, who, as a boy in the  
Civil War, acted as chief telegraph op-  
erator for General U. S. Grant, died to-  
day in Havre de Grace, Md. He was  
sixty-five years old, and had been with  
the Western Union for fifty years.  
When Grant became President he made  
Baker White House telegraph operator.

# WIBORG TRUNKS HELD.

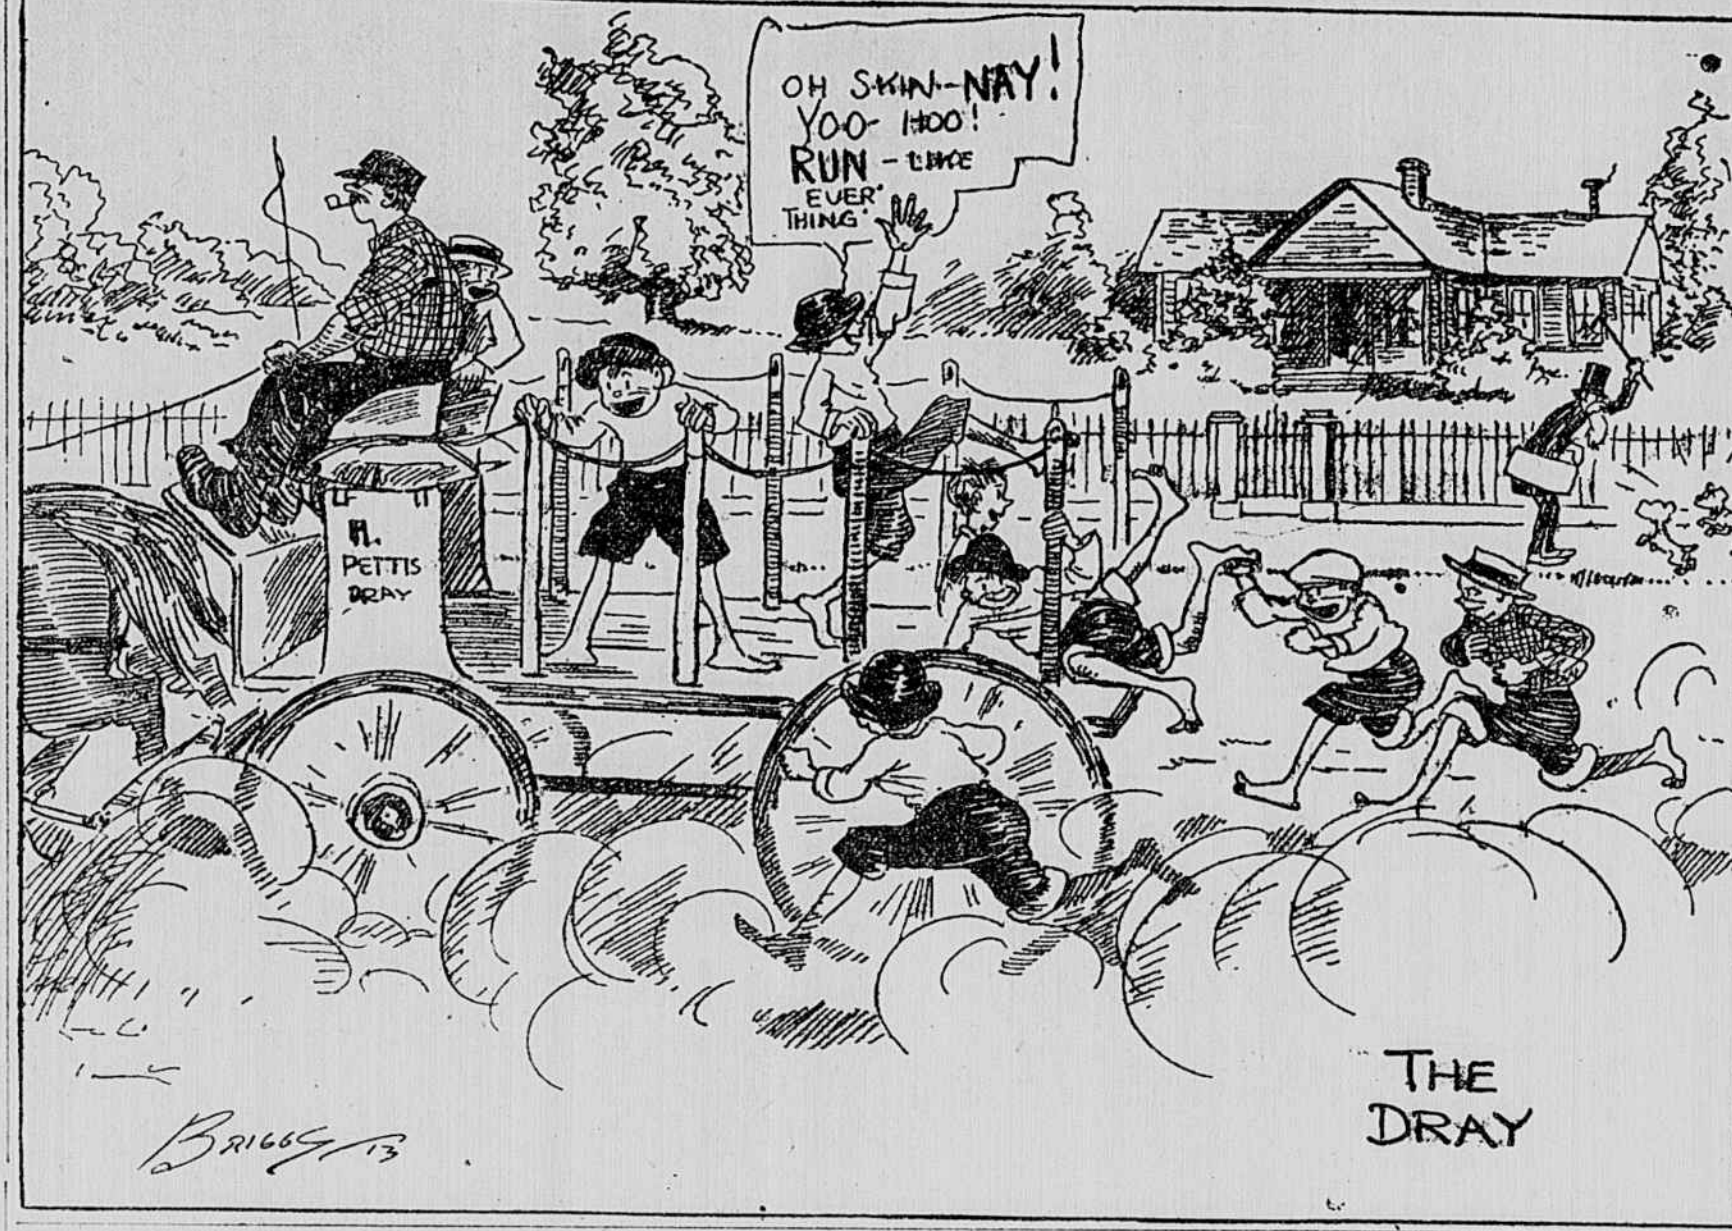

Customs Officers Not Satisfied With  
Declarations Made.  
(Special to The Times-Dispatch.)  
New York, September 7.—United  
States customs officers were not satis-  
fied with the declarations made by Mrs.  
Frank B. Wiborg, of Cincinnati and  
New York, and her three daughters  
when they arrived here on the Maure-  
tania from Liverpool last Friday. The  
twenty trunks belonging to them were  
sent to the appraiser's store, because  
the inspectors believe that a mistake  
has been made in the declarations of  
the mother and daughters. No formal  
report has been made as to the value  
of the contents of the Wiborg trunks  
to the collector's office by the survey-  
or's office, and the only customs official  
who could throw any light on the rea-  
son for the delay in passing the trunks  
said there probably had been some  
differences in the valuation.

# ANOTHER LETTER MAN MISSING FROM SQUAD

Loss of Finlay Makes Eight in All Who Will Be  
Conspicuous by Their Absence at Virginia-Hot  
Weather Interferes With Practice Plans.

(Special to The Times-Dispatch.)  
Charlottesville, Va., September 7.—  
The second week of football practice  
at Virginia will start to-morrow, and  
as the entrance examinations begin on  
that date the squad should be aug-  
mented from day to day until the an-  
nual opening of the university on  
Thursday. Several players have writ-  
ten that they will be on hand and  
ready to don the moleskins within the  
next day or two.  
On Monday last a half-dozen players  
reported—Captain A. L. Carter, of  
Houston, Texas, who has no equal in  
the guard position in the South; Wool-  
folk and Redus, tackles; Brown, for-  
merly of the Episcopal High School,  
subcenter; Addison, a halfback and  
punter of considerable promise, from  
the same institution; Life Campbell, a  
quarterback last year; Speed, a back-  
ward man from the Episcopal High School;  
Morehead, a Charlotte, N. C., boy, who  
was a member of the 1912 squad;  
Sprague, from Maryland, a quarter-  
back on the track team; Gillette, for-  
mer captain of the Randolph-Macon  
College eleven, and Robertson, sub-  
quarter last fall.

Hot Weather Interferes.  
The hot weather of the week  
has greatly interfered with the plans  
of Head Coach Warren. Practice could  
not begin as planned before 5  
o'clock. So intense was the heat Fri-  
day and Saturday afternoons that the  
players were forced to strip to their  
waists. The players are being tried  
first in one position and then in an-  
other, so that they can become thor-  
oughly acquainted with the various  
plays. Three plays were given the  
men on the very first day of practice,  
and yesterday's work was carried  
through with for a half-hour or more.  
The players have gone at their task  
with intense earnestness. They have  
reported daily and stuck at their work  
faithfully.

A number of developments have come  
to light during the last week. The  
first piece of bad news was the in-  
formation that another letter man  
would be lost to the team—Ed. Fin-  
lay—making eight in all who will be  
conspicuous by absence the coming  
season. This news came as a distinct  
surprise to coach and players, as there  
was hardly any doubt of his return.  
Finlay's place will indeed be hard to  
fill. For three years he has held down  
left end in almost faultless style, and  
in each of those years he won all-  
South Atlantic honors. He did his best  
work in the big games of the schedule,  
and could be relied upon absolutely  
to hold his own. It was only in rare in-  
stances that opposing backs circled  
him and for consequences.  
He was especially strong on the de-  
fensive, and last fall proved quite  
clever in receiving the forward pass.  
He will also be missed from the base-  
ball squad. He captured last spring's  
nine, which won two consecutive vic-  
tories over Princeton and Georgetown,  
and lost to Yale by a narrow margin,  
due to a wild peg by Shortstop White.  
Lyman, the El Paso youth who

proved such a sensation on the scrub  
team toward the end of last fall by  
the way in which he received the for-  
ward pass and scored touchdowns on  
the varsity, will be another absentee.  
Financial reverses sustained by his  
stepfather, it is said, will keep him  
from returning. The stepfather owned  
considerable property in Mexico which  
had to be abandoned. Young Lyman  
was undoubtedly of varsity calibre.  
It is now probable that Landes, a  
backfield man of promise, will return  
to college. He was over to the univer-  
sity Friday, and worked out with the  
squad that afternoon, but returned  
yesterday to his home in Staunton. He  
is especially anxious to have another  
year in college, and should he get  
the consent of his father he is ex-  
pected to develop into a valuable  
player. He has taken on considerable  
weight, which should give him added  
power in line plunging.  
T. Hardy Todd, last year's brilliant  
captain of the Virginia team, reached  
the university yesterday from Camp  
Morehead, near Bryson City, N. C., to  
take the second year law course. He  
carried off his B. A. degree last June.  
He will coach the Jefferson School  
eleven this fall. He has also elected  
many a Richmond and Washington  
crowd with his brilliant playing, and  
is expected to make a record with his  
boy team.

# MORAN IS MATCHED TO FIGHT JOHNSON

Contest for Heavyweight Cham-  
pionship of World to Be  
Staged in Paris.

New York, September 7.—Frank Mor-  
an, who whipped Al Paltzer here last  
week, has been matched to fight Jack  
Johnson for the heavyweight cham-  
pionship of the world in Paris some  
time in December, according to an an-  
nouncement here to-night by Dan Mc-  
Kerick, Moran's manager.  
McKerick has carried on his ne-  
gotiations for the fight with Leon See,  
the Paris promoter, who McKerick  
says, is authorized to act for John-  
son.  
The proposed match between Moran  
and Gunboat Smith is held in abeyance.

Takes on Ammunition.  
(Special to The Times-Dispatch.)  
Philadelphia, Pa., September 7.—The  
United States battleship Montana on  
its arrival at League Island to-day im-  
mediately proceeded to take on 3,000  
rounds of training ammunition. The  
battleship was being made ready to  
sail, so it is reported, for Mexican  
waters, but none of the officers could  
say anything about her destination.

# LYNCH MAY LOSE AS HEAD OF LEAGUE

Decision Against New York  
Probably Is His Official  
Death Warrant.

New York, September 7.—If some of  
the rumors in the kingdom of baseball  
be true, Thomas J. Lynch, president of  
the National League, is soon to sever  
all connection with the big league. His  
decision against the Giants in the con-  
troversy over the Brennan decision,  
when the latter was reversed for for-  
felling a game to New York, has caused  
a great deal of feeling, and it is  
thought that by it, Lynch has signed  
his own official death warrant as far  
as the big leagues are concerned.

It is even intimated that John Hey-  
dler, at present secretary of the league,  
has practically been selected to suc-  
ceed Lynch. It is also asserted that  
it was the mere matter of one vote that  
won Mr. Lynch his election this year  
and that vote happened to come from  
New York. Naturally, as rumor has  
it, in event of its being a close race  
for executive honors this coming year,  
the New York club would hardly  
throw the balance of power to Mr.  
Lynch.

Mr. Heydler was for a time president  
of the league, having succeeded the  
late Harry Pulliam.

# MILITIA POLICES BURNED DISTRICT

Citizens of Hot Springs Now  
Are Caring for Fire  
Sufferers.

Hot Springs, Ark., September 7.—  
With two companies of militia policing  
the burned district, citizens' commit-  
tees devoted themselves to-day to sys-  
tematizing relief measures and plan-  
ning for the rehabilitation of the fire-  
swept eastern section of Hot Springs.  
To-night's checking up shows that all  
of those made homeless by the fire of  
Friday night have been housed tem-  
porarily and their immediate needs  
provided for. Supplies of bread and  
other necessities have arrived from  
Little Rock and offers of financial aid  
have been received from a number of  
cities.  
Of the monetary loss, estimated at  
\$6,000,000, it is authoritatively stated  
that approximately \$2,000,000 in insur-  
ance was carried.  
At the request of the citizens' com-

mittee, the railroads entering Hot  
Springs refused to run special trains  
to-day, but all of the regular trains  
were crowded to their capacity with  
sympathizers. The crowd, however,  
was orderly.

The Iron Mountain Railroad took the  
initiative in rebuilding when a force  
of 200 men was set to work this morn-  
ing constructing a temporary wooden  
building on the site of its station,  
which was destroyed.

# NEW ORLEANS MAYOR AIDS STRANDED BOYS

Chicago, September 7.—Mayor Martin  
Behrman, of New Orleans, appeared  
in Judge Mahoney's court as a good  
fairy for destitute boys, with Theo-  
dora Grunewald and William Allen,  
New Orleans business men, as assis-  
tants.

Five boys from New Orleans here  
to search for work were found sleep-  
ing in Grant Park Thursday night.  
Their disposition was a problem until  
the New Orleans Mayor's party, here  
en route home from New York, heard  
of the case. They took the boys home  
with them in Pullman cars.

# FEARS FOR SAFETY OF BARGE'S CREW

Probable Loss of the Berkes,  
With All on Board, Reported  
by Tug Helen.

Newbern, N. C., September 7.—The  
tug Helen, which arrived here from  
Philadelphia last evening, and which  
was delayed in Pamlico Sound during  
Wednesday's storm, brought the story  
of the probable loss of the barge  
Berkes, from Newbern to Philadelphia,  
together with her crew, consisting of  
captain Derickson and three men,  
names unknown, off Ocracoke Island.  
The Berkes and two other barges load-  
ed with lumber for Philadelphia, left  
here Monday in tow of the tug Kirk-  
ton. Off Ocracoke the hawser parted  
during the storm and the Kirkton was  
unable to render aid. When last seen  
the Berkes had listed, with waves roll-  
ing over her, and nothing has been  
heard from her since. The captain of  
the Helen passed the tug Kirkton after  
the storm and brought the report that  
a tug has been sent from here to  
search for some trace of the Berkes.

# Goes to Aid of Survivors.

Norfolk, Va., September 7.—For  
the purpose of bringing them to Norfolk,  
the revenue cutter Onondaga left here  
to-night for Cape Hatteras to take on  
board eighteen people rescued from  
the British steamer Glenaeen, which  
was wrecked near Ocracoke Inlet last  
Wednesday. Two women are said to  
be among those taken from the strand-  
ed ship. The Glenaeen is still held  
ashore, but wrecking companies claim  
she can be saved.

# JEROME ADMITS LOSING HIS FIGHT FOR EARLY ACTION

(Continued From First Page)

His private secretary, H. J. Rice, of  
New York, was with him most of the  
time, and together they disposed of a  
large volume of correspondence which  
remained untouched during his hear-  
ing before the board of inquiry.

Bouquets for Thaw.  
A number of women called at the  
immigration detention office to-day and  
left bouquets for Thaw.

To-night knots of Thaw's sympathiz-  
ers gathered on the street corners of  
Cottontown and listened to fervid pro-  
Thaw and anti-Jerome speeches from  
hotheaded orators.

"We'll ride Jerome out of town on a  
rail if he comes back and tries to dic-  
tate to us or to break our laws," they  
shouted.

Others threatened to tar and feather  
newspaper correspondents who are re-  
porting conditions as they actually are  
in the town. In order to escape cor-  
ruption a number of the correspondents  
motor to Sherbrooke each evening to  
send in their stories.

# No Attempt to Get Bail.

Montreal, September 7.—No move in  
the matter of seeking the liberation of  
Harry K. Thaw on bail will be made  
before the local courts, according to  
well-informed sources here to-night.  
His counsel, now that they have  
brought the whole question to the at-  
tention of the Court of King's Bench,  
will content themselves with awaiting  
developments.

The litigation will resolve itself into  
a discussion of whether the Canadian  
immigration act is constitutional. The  
Thaw attorneys will contend that the  
act contains an infringement of the  
right of the individual to free locomo-  
tion. They also will represent the  
enactment as embodying an infringement  
of the habeas corpus act, as well as  
of the Magna Charta. When the  
matter finally comes before the Court  
of King's Bench, it will be heard by  
the full bench.

The constitutionality of the immi-  
gration act was called to question  
when the bill was before the House  
of Commons. One of the leading mem-  
bers of the Liberal party, who now  
occupies position on the bench, took  
a prominent part in denouncing the  
provisions of the measure, basing his  
opposition on arguments which are ad-  
vanced on the Thaw side of the fight  
in the present case.

# HURT IN AUTO ACCIDENT.

Miss Laura Swan When Picked Up  
Is Unconscious.  
Newport, R. I., September 7.—While  
Miss Laura Swan, daughter of Mrs.  
Elisha Dyer and Andrew Robeson, of  
Boston, were motoring through Kay  
Street their car was struck by a large  
machine driven by C. Warburton, of  
Boston. Miss Swan and Mr. Robe-  
son were both knocked into the road,  
and when picked up the young woman  
was unconscious. Mr. Warburton and  
Mr. Robeson rushed her to the New-  
port Hospital, where the doctors found that  
she had sustained only superficial  
wounds, and barring the effect of the  
shock would be out in a few days.

# ASKS THEIR INDICTMENT.

Sulzer's Special Investigation Charges  
Two Men With Conspiracy.  
(Special to The Times-Dispatch.)  
Albany, N. Y., September 7.—John A.  
Hennessy, special investigator for Gov.

ernor Sulzer, sent a letter to-night to  
District Attorney Dudley, of Erie  
County, asking him to have William H.  
Fitzpatrick, and James J. Lannan in-  
dicted. Fitzpatrick, who is known as  
Charles F. Murphy's Erie County lieu-  
tenant, is charged by Hennessy with  
conspiracy in using Lannan for his pri-  
vate affairs. Hennessy also accuses  
Lannan of conspiracy in taking the  
State's money for eighteen months as  
an attaché of the State Excise Depart-  
ment, while he worked for Fitzpatrick.  
It is further alleged by Hennessy  
that the two men committed perjury  
in their testimony at the recent inves-  
tigation.
